### IX. **June 2020 Individual Program Coordinator's Report (Nothing to report at this time - COVID) -**

X. COVID-19 -

- County guidance
- Liability clarification - insurance and waiver requirements
- Program plans
- How do we continue? What are next steps?

*There was an open discussion regarding concerns on the insurance liability through the county to rec council volunteers and how that would translate if there were violations. Repeated questioning on more guidance from the county on what the plans that were being asked for should contain and if Parks and recs were asking for plans why would they not approve such plans. Could we submit plans for clarification from county as a plan had been created by the softball program. Concerns regarding the waiver statements from the county not being adequate for the needs of such an important situation. Could the waiver be modified to at minimum include letter head and signature. Discussions on thoughts of continuing and concerns with both moving forward and shutting down. Parks and Recs continued to share that they were trying to give the go ahead and put as few restrictions as possible to allow a safe return to play as easy as possible. Continued concerns from both sides of the fence on if returning was the appropriate decision.*

**Adjournment:** Move to adjourn meeting.
